## EDUCATION

<b>SRM Institute of Science and Technology</b> <i>Bachelor of Technology, Computer Science and Engineering(CGPA: 7.5)</i>	Chennai, TN 2023 - 2025
<b>Sree Venkateswarar Matriculation Higher Secondary School</b> <i>Class 12th-TN State Board (Percentage: 66.5)</i>	Chennai, TN 2021 - 2023
<b>The Hindu Senior Secondary School</b> <i>Class 10th-CBSE(Percentage: 60)</i>	Chennai, TN 2020 - 2021

## EXPERIENCE

<b>Python Programming Intern</b> <i>YBI Foundation</i>	Oct 2024 - Nov 2024 <i>Remote, India</i>
<ul style="list-style-type: none"><li>Completed a one-month internship focused on core Python Programming .</li><li>Gained hands-on experience with problem-solving,data structures, and basic algorithmic thinking.Developed mini-projects and automated scripts using core Python concepts such as function,file handling,and error handling.</li><li>Improved debugging,code optimization, and clean coding practices in a collaborative learning environment.Focused on backend logic using Python and explored integration with front-end technologies.</li></ul>	
<b>Project Manager Intern</b> <i>RICOZ(Connecting Audience Pvt. Ltd.)</i>	Jun 2024 - Oct 2024 <i>Remote, India</i>
<ul style="list-style-type: none"><li>Assisted in Planning,Coordinating, and tracking project milestones for marketing and tech-driven campaigns. Conducted regular progress updates,identified bottlenecks,and supported issue resolution across teams.</li><li>Managed Schedules,team communication,and task allocations to ensure timely project delivery.</li><li>Gained practical experience in project lifecycle management, client coordination, using tools like Trello, Excel, and Google Workspace. Collaborated with cross-functional teams, enhancing my leadership, adaptability,and problem-solving skills in fast-paced environments.</li></ul>	
<b>Human Resources Intern</b> <i>RICOZ(Connecting Audience Pvt. Ltd.)</i>	Nov 2024 - Feb 2024 <i>Remote, India</i>
<ul style="list-style-type: none"><li>Assisted in end-to-end recruitment processes including screening, shortlisting, and coordinating candidate interviews.Engaged with Candidates and clients, enhancing professional communication and relationship management skills.</li><li>Maintained and updated HR records, improved internal communication flow, and supported onboarding activities.Gained hands-on experience in talent acquisition, HR coordination, and real-time hiring strategies.</li><li>Contributed to improving candidate experience and team efficiency through proactive communication and follow-ups.Participated in weekly HR meeting to discuss recruitment metrics and suggest improvements.</li></ul>	
<b>Human Resources Intern</b> <i>SKILLGENIC( Pvt. Ltd.)</i>	Feb 2024 - Mar 2024 <i>Remote, India</i>
<ul style="list-style-type: none"><li>Supported recruitment operations, candidate screening, and interview coordination.Assisted in end-to-end recruitment processes, including job posting, resume screening, and scheduling interviews.</li><li>Coordinated communication between candidates and hiring managers to ensure smooth interview experiences.</li><li>Participated in internal HR meetings and supported employee engagement initiatives.Maintained applicant tracking systems and updated candidate status regularly.</li></ul>	

---

## PROJECTS

- E - Commerce Website** | *HTML, CSS, JavaScript, React, MYSQL* | Jan - 2025
- Designed and developed a fully responsive e-commerce website focusing on clean UI/UX and user-friendly Navigation.
  - Implemented key features such as product listing, search functionality, shopping cart, and checkout flow. Ensured cross-browser compatibility and mobile responsiveness using CSS media queries.
- Crypto - Analysis** | *Python, Matplotlib, APIs* | [GITHUB](#) | Nov - 2024
- Python script for fetching and analyzing live Cryptocurrency data, including market capitalization, prices, and 24-hour changes. The script continuously updates an Excel file with real-time data from the Top 50 Cryptocurrencies.
  - Performed descriptive statistics and correlation analysis to understand relationships between assets. Enhanced Python proficiency in data handling, plotting, and working with APIs.
- Face- Detection System** | *Python, OpenCV, Haar Cascade, Deep Learning* | [GITHUB](#) | Mar - 2025
- Built a real-time face detection system using OpenCV and Haar Cascade Classifiers in Python.
  - Captured video input through a webcam and accurately detected faces in live video streams. Implemented bounding boxes to identify and highlight facial regions in real-time.
  - Gained hands-on experience with Computer Vision, Image Processing, and OpenCV functions.
- Internet - Banking system** | *Python, PHP, MYSQL, HTML, CSS, JAVA* | Jan - 2025
- Developed a basic internet banking system to simulate secure online banking functionalities. Implemented user authentication, account creation, balance inquiry, fund transfer, and transaction history features.
  - Connected the system to a MySQL database to manage user data, transactions, and account information securely. Designed intuitive user interfaces using HTML, CSS, and basic frontend logic.
- StopWatch Website** | *JavaScript, HTML, CSS* | [GITHUB](#) | Jun - 2024
- Developed a fully functional stopwatch application with Start, Pause, Resume, and Reset features.
  - Designed a clean and user-friendly interface for smooth user interaction and control.
  - Utilized time libraries and event listeners to accurately track elapsed time and update the UI in real-time. Applied principles of event management and timing functions to ensure accurate performance.

---

## SKILLS

**Programming Languages:** HTML, CSS, JavaScript, Python, MySQL, C

**Data Analysis Tools:** Pandas, Matplotlib, Google sheet

**Cloud Platforms:** Github Page, Netify

**Developer Tools:** Jupyter Notebook, VS Code

**FrameWork/Libraries:** React.js, Bootstrap, Node.js

**Soft skills:** Leadership, Interpersonal skills, Teamwork, Quality Assurance, Adaptability

---

## Certifications

### Programming in Python - Meta | Coursera

Dec - 2024

- Gained practical skills in writing Python programs, using functions, loops, and working with data.
- Built hands-on projects to apply loops, conditionals, and functions for real-world scenarios.

### Introduction to Front-End Development - Meta | Coursera

Jan - 2025

- Gained foundational skills in web development using HTML, CSS, JavaScript, and responsive design principles.
- Built simple web pages while understanding the structure and styling of front-end applications.

### Introduction to Web Development with HTML, CSS, JavaScript - IBM | Coursera

Dec - 2024

- Gained foundational knowledge in creating static and interactive websites using core web technologies.
- Developed mini-projects demonstrating layout design, animations, and DOM manipulation.

### Introduction to Databases - Meta | coursera

Mar - 2025

- Learned the fundamentals of relational databases, SQL queries, data modeling, and normalization.
- Gained hands-on experience writing SQL queries, managing tables, and understanding database schemas.

### Programming with JavaScript - Meta | Coursera

Jan - 2025

- Learned core JavaScript concepts including variables, loops, functions, and event handling.
- Built interactive web components using DOM manipulation, control structures, and logic building.

### SQL (Basic) - HankerRank

Feb - 2025

- Applied advanced SQL techniques for data analysis, report generation, and performance optimization.
- Worked on real-world datasets using advanced filtering, nested queries, and transaction management.

---

## ACCOMPLISHMENTS

**SQL (Basic)** - Certification by Hacker Rank

**SQL (Advanced)** - Certification by Hacker Rank

**Chatbot Evolution Hackathon** – VIT-AP (via Unstop)

**Build with India Hackathon** – Hack with India (Unstop)

**Common Internship Test** - Certification by Internship Studio
